“Puso Sa Puso Edukasyon, Inc. Enhances Community Collaboration with Barangay Payatas and 4Ps”

July 2024

In a strategic move to bolster program services and community engagement, Puso Sa Puso Edukasyon, Inc. has strengthened its partnership with Barangay Payatas and the 4Ps Program in Quezon City District 2. This collaboration was highlighted by our active participation in the Barangay Payatas Street Leaders Meeting, where we were honored to be in the presence of Barangay Chairman Rascal Doctor.

Our commitment to this partnership is further demonstrated through our engagement with the Community Link of 4Ps assigned to Barangay Payatas. We attend Family Development Sessions (FDS) and provide financial literacy workshops for 4Ps beneficiaries. These efforts aim to promote a more sustainable and continuously active presence within the community. This initiative is part of our broader effort to highlight and promote the Alternative Learning System Approach—Bridging Unlimited Hope for the Advancement of Youth (ALSA-Buhay Program). Through these collaborative efforts, we strive to create lasting impacts and foster positive change in the lives of the youth and their families.
