Teachers facilitate learning, spread knowledge and push everyone to come out from their comfort zone and let the best in them shine. World Teachers' Day is just a reminder that your teachers deserve to be acknowledged, appreciated, and thanked for every single day.

Puso Sa Puso celebrates World Teachers' Day at Payatas center. Learners prepared a surprise celebration led by Godwin Quines one of the Junior High School Learners. Monthly Mass at Payatas Center

October 20, 2022

Thanksgiving Mass

Huwebes ng Ika-29 na Linggo sa Karaniwang Panahon (II)

Rev. Fr. Florencio Ompad, SDS
PSPEI, Assistant Director

October 20, 2022, Thursday

Puso Sa Puso Edukasyon, Inc. held its monthly mass at Payatas Center for ALSA BUHAY learners. It was spearheaded by acting Assistant Director Rev. Fr. Florencio Ompad, SDS and facilitated by Payatas staff and attended by the learners, scholars and other staff.

Fr. Florencio's homily was about family. There were some factors why families are chaotic and constantly fighting due to lack of unity, different viewpoints, and religious beliefs. There is a saying, "If there is an opposition, there is imitation." Despite the differences on beliefs, opinions, and religious practices, these are not reasons to argue and destroy family relations; the most important thing is that everyone lives in peace, unity, and respect for each other's beliefs. One of God's most significant blessings is family. Fr. Florencio wrapped his mass by congratulating the staff and all the attendees on a successful mass celebration.

Everyone went home with God's blessings and guidance.
