Educational tour of Eskwelahan ng Buhay kids

November 14, 2018

Field trips are extra-curricular and fun-learning activity. It is the time where our students are temporarily away from school activities and chance to discover the outside world.

Eskwelahan ng Buhay kids had their field trip at Manila Zoo last November 14, 2018, as part of their extra-curricular activity under Puso Sa Puso Edukasyon Inc. It was made possible through the joint forces of the brothers from Missionary Community of Saint Paul the Apostle (MCSPA), Puso Sa Puso staff, and as well as our active parent leaders from Gate 1 Parola Compound, Tondo Manila.

It was conducted for an important purpose: To allow our students to be temporarily away from their daily studies in order to refresh, discover, and feel the world through fun-education learning as their early ages 4 to 6. The lessons learned from school are basically about writing, counting, and reading literacy. We organized an extra-curricular activity for the kids to engage themselves from the outside world or to discover something beyond the books. The experiences introduced from outside of their comfort zone and enjoyed the unusual moments, as they are enjoying while learning.

As part of the activity, the children did not only enjoy, they also received free meals, snacks and chocolates while roaming around the area. But most importantly, the activity is the continuous strengthening of our bond as Puso Sa Puso family.

You are always given the chance to help each other, but have you maximize that opportunity to share yourselves? Were you able to share yourselves to other?
